

Environmental Policy

It is our policy to comply with all applicable requirements, including those of environmental legislation and those of ISO 14001:2015, relating to Lavar Shipping's activity. Lavar Shipping provides Shipping Agency, Forwarding/ Logistics and Project Management services.

We have developed a management system to control our processes and practices, to achieve this policy. We set targets and establish appropriate programmes which will be monitored, and measure environmental impacts to continually improve our environmental compliance.

Employees and others acting on behalf of Lavar Shipping will be made aware of this policy, related policies, standards and guidelines. Moreover, the management of Lavar Shipping is responsible for ensuring that employees and others acting on behalf of Lavar Shipping are properly trained in these laws and policies. Professionals in all areas of related to products, operations and workplace safety are available to assist in these matters.

The aims of Lavar Shipping can be summarised as follows:

- To comply and continually satisfy our clients based on their requirements (needs and expectations).
- To comply and continually monitor scale and environmental impacts of its activities and services.
- To establish environmental objectives and appropriate programmes at relevant levels and functions within the organisation.
- To monitor, review and analyse environmental objectives at each planned Management Review Meeting.
- To take appropriate action based on constructive internal and external feedback.
- To incorporate this policy into its employees' daily job duties and business decisions.
- To participate in training and education programmes to improve compliance, both on and off the job environmental practices.
- To protect the environment, the prevention of pollution and other specific commitment(s) relevant to its activities.
